

Red Pines Project DEIS

Comment Form

I was impressed with the Red Pine EIS and can understand all of the work and study involved. I am very interested in this project because I own ~~an~~ interest in the Hercules, Pasadena, & Alpine claims as a claim holder along with my brother. We are impressed with the co-operation of Terry Nevius, Vern Bretz, Steve Williams and all of the other folks who are working with us to <sup>try to</sup> approve the Plan of Operations for activating our mining claims. We would be happy with Alt. B, C, or D. as near as we can tell.
